Portfolio

PROFILE

Enthusiastic and detail-oriented Web Developer with experience in developing dynamic and responsive web applications. Currently working as a Web Developer, contributing to scalable solutions using PHP, MySQL, JavaScript, and modern web technologies. Passionate about writing clean, efficient code and committed to continuous learning in the ever-evolving tech landscape. Currently seeking new opportunities to contribute to innovative projects, collaborate with forward-thinking teams, and further enhance user experiences.

PROFESSIONAL EXPERIENCE

01/2025 - 07/2025 Ahmedabad, Gujrat

Communities Heritage Pvt Ltd 🛭

Jr. PHP Web Developer

As a Junior PHP Web Developer at CHPL, I actively contributed to the successful delivery and improvement of several web-based projects. My key responsibilities and achievements include:

- Developed and maintained dynamic web applications using PHP, and MySQL, ensuring clean code, high performance, and scalability.
- Integrated RESTful APIs and third-party services into existing platforms, improving overall system functionality and user experience.
- Collaborated with cross-functional teams including UI/UX designers, backend developers, and QA testers to deliver features efficiently.
- Led efforts in bug fixing, feature enhancements, and code versioning using Git and GitHub, ensuring continuous and stable deployments.
- Enhanced front-end interfaces with HTML5, CSS3, Bootstrap, jQuery, and Ajax improving responsiveness and user interaction.
- Participated in regular code reviews and agile sprints to ensure continuous improvement and team alignment.

07/2024 - 08/2024 Ahmedabad, Gujrat

Techrays Labs Pvt. Ltd. 🛮

Intern Web Developer

As an Intern Web Developer, I worked on full-stack development tasks, contributing to the design, implementation, and optimization of web-based solutions.

- · Developed and maintained web applications using PHP, Laravel and MySQL, with a focus on functionality, performance, and security.
- Created responsive front-end interfaces using HTML5, CSS3, Bootstrap, Tailwind CSS, JavaScript, and jQuery to enhance user interaction.
- Designed and optimized database schemas in MySQL to support application features and ensure efficient data handling.
- Implemented user authentication systems and access control mechanisms for secure application use.
- Collaborated with mentors and senior developers to resolve bugs, optimize code, and ensure alignment with project requirements and best practices.
